EXPERIENCE

Octanet Services Pvt Ltd | [CERTIFICATE](#) Jan 2024 – Feb 2024
Web Developer Intern Remote

- Designed and developed responsive web interfaces using HTML, CSS, and JavaScript.
- Built and maintained web applications with JSON Server and REST API integration.
- Integrated third-party APIs to enhance functionality and improve user experience.

PROJECTS

MovieBase | ReactJS, Redux Toolkit, React Routing | [LIVE DEMO](#) 2025

- Developed MovieBase, a movie browsing app using React.js, Redux Toolkit, and TMDB API.
- Displays detailed movie information including cast, genres, ratings, and synopsis.
- Implemented search, genre-based filtering, and watchlist management with Redux.
- Designed a responsive UI with React Carousel, React Icons, and SweetAlert2.

CreateVerse | ReactJS, React Routing | [LIVE DEMO](#) 2025

- Developed **CreateVerse**, a React.js application featuring an Image Generator, Video Generator, and Text-to-Speech Converter using API integrations.
- Implemented **React Routing** for seamless navigation across three distinct pages, enhancing user experience.

Gemini-Clone | ReactJS, Context Api | [LIVE DEMO](#) 2025

- A React.js application replicating core features of the Gemini platform, enabling efficient information search and recent search tracking.
- Utilized React's Context API for state management and custom CSS for styling. Highlights include dynamic state handling and user-friendly design.

E-Commerce Website | HTML, CSS, Javascript | [LIVE DEMO](#) 2024

- Developed a multi-page, responsive e-commerce website with advanced features like product selection, cart management, and user authentication for an engaging and seamless shopping experience.

CERTIFICATIONS

CSS & JavaScript Certification - Udemy

Full Stack Development - Jspiders, Thane

ACHIEVEMENTS

Hackathon Recognition

Received special recognition for innovative UI design during the Android AI/ML Hackathon by M-Indicator and VJTI, chosen out of 50+ teams.
